Marching in remembrance

Elk Point RCMP Sgt. David Casey and newly arrived Cst. John Garnier lead the parade of military personnel and representatives of clubs and organizations to Elk Point's cenotaph on a cold and windy Remembrance Day.

Wind-chilled Elk Point remembers

VICKI BROOKER
Review Staff

The coldest Remembrance Day in years saw a well-bundled crowd around Elk Point's cenotaph as flag-bearing scarlet-coated RCMP members led a parade of military personnel and representatives of clubs and organizations in a short parade down Highway 41 for the annual wreath-laying ceremony.

Master of ceremonies, Mayor Parrish Tung kept the outdoor portion of the observances as brief as possible, with Town Coun. Debra McQuinn leading the singing of O Canada before the RCMP placed the flags. Following a brief prayer by Margaret Modin, FCSS Director Alania Sanregret passed out wreaths as the mayor announced the representatives of governments, organizations and businesses who would place them reverently at the cenotaph. Following the singing of God Save the Queen, the crowd was quick to move into the Seniors' Recreation Centre for a short program, emceed by Town Coun. Bernice Capjack.

Following the Last Post, two minutes of silence and Reveille, Capjack recited the traditional Act of Remembrance. McQuinn read 'In Flanders Fields' Sanregret affirming 'We Shall Keep the Faith,' with her reading.

Margaret Modin brought greetings from MP Brian Storseth, speaking of the generations of "men and women who secured our lives and freedoms... we honour them still. 'Lest We Forget' should be engraved on the hearts and minds of every Canadian."

(Continued on Page 2)

More residential lots approved for 2015 development

VICKI BROOKER
Review Staff

Mayor Parrish Tung swore in new Deputy Mayor Dwayne Yaremkevich to start off last week's regular meeting of Elk Point Town Council. Yaremkevich succeeds Coun. Bernice Capjack as Deputy Mayor, and will serve in that capacity for the coming year.

More residential lots approved

Another 24 residential lots on 60 Ave., comprising Centennial Stage 2, are in Elk Point's future. Council approved tendering out the grading, installation of services and streets, with work to get underway in the spring of 2015.

MSI funding for lagoon

Elk Point is well equipped to expand its residential areas, with the completion of the wastewater lagoon expansion. The cheque for \$1,323,472.80

has now been received from the province for Alberta Transportation for the wastewater lagoon expansion, the town still has \$684,527.20 to pay toward the \$2,008,000 project. Council voted to pay the bill using Municipal Sustainability Initiative funding over the next two years.

Tax sale

Council set Jan. 15, 2015 as the date for the tax sale of a property that has incurred \$2,429.19 in overdue taxes. A reserve bid was set for the sale equal to the assessed property value of \$80,060.

Security system

A recommendation coming forward from the Public Works Committee meeting to purchase security systems for the public works building and water pump house at a total cost of \$6,800 plus monthly fees also received council's approval.

HIGHLIGHTS

November 10, 2014

Council Meeting

Penalty on Property Taxes – Reminder that a ten percent (10%) penalty will be applied to all current property taxes remaining unpaid after November 30th.

Seniors' Festival – Will be held November 28 from 11:00 a.m. to 2:00 p.m. in Heinsburg. Bussing is available from Ashmont, Mallaig, St. Paul and Elk Point. For further information, contact the County FCSS office at 780-645-1950. Everyone is welcome to attend.

Water Supply to Ashmont / Lottie Lake – After months of gathering information and speaking to Alberta Transportation and Alberta Environment about the County's options to upgrade their current water supply to the Hamlets of Ashmont and Lottie Lake, Council passed a motion to make application to Alberta Transportation under the Water for Life Grant to connect to the Highway 28/63 Water Commission's line at Spedden. This decision was made in light of new information regarding the requirement to have a new water supply or upgraded facility in place by 2016 or at the very least be in the process of having one. That along with concerns about whether or not the County would be eligible to get a water diversion license from the North Saskatchewan River to supply water for Ashmont/Lottie Lake/Mallaig if they choose to connect to the Town of St. Paul's Water Treatment Plant, were deciding factors in Council's decision. Administration is working on the grant application which will be submitted later this month.

Planning and Development – Council approved Bylaw No. 2014-29 to rezone PNE 25-56-7-W4 from Agricultural to Industrial/Commercial so the landowner can expand his existing business. Council defeated Bylaw No. 2014-33 which was an application to rezone 10 acres in the N ½ SW 29-56-10-W4 which falls within the Lac Sante Area Structure Plan.

ACP Grant – Eastern Alberta Trade Corridor – The County of St. Paul will be partnering with the Village of Rosemary on an Alberta Community Partnership Grant application for Stage 2 of the East Central Alberta Investment Attraction project. The scope of the project applied for involves a GIS Scoping Study, new Marketing features for the Eastern Alberta Trade Corridor Website and Social Media, all of which will benefit 78 municipalities. The grant application is for \$350,000 with no funds contemplated from either municipality.

Capital Equipment Purchase – Council approved the purchase of a front load waste truck for \$278,000 to be funded from the 2015 Capital Budget. Due to the fluctuating dollar and resulting gradual price increases, Council decided not to wait until after the Strategic Planning Sessions, which is when equipment purchases are, normally approved.

Organizational Meeting – Council members and members-at-large were appointed to various committees to represent the County for a one year term. The list of committee members can be viewed on the website. Council agreed to leave remuneration rates the same as they were in 2014.

Funding

- \$500 for Mallaig School and Regional High School to attend Provincial Cross Country Championship
- \$500 MS Walk
- \$109,900 MSI Operational Funding distributed to Ag Societies and Community Halls throughout the Municipality

When residents clear their driveway and push the snow across the road, they are requested not to leave ridges on the road as this causes safety issues.

Residents who require snow removal from their driveways can purchase flags from the County at the Administration Office, Public Works Shop, or the Town of Elk Point Administration Office. Seniors can have their driveways plowed free of charge, however they require a flag which can be picked up from the County Administration Office or Public Works.

For more information contact Sheila Kitz, CAO, County of St. Paul at 780-645-3301, ext. 208.

RCMP officers and Canadian Armed Forces personnel salute the flag during the singing of O Canada, above. Below right, Margaret Modin places a wreath on behalf of MLA Shayne Saskiw.

Remembrance

(Continued from Front Page)

Coun. Capjack spoke on behalf of the Town of Elk Point, noting, "We appreciate the fact that we are in Canada, not in a country that is still fighting for freedom. We as Canadians must stick together, and remember those who died in training and in peacetime as well as in battle. Wear your poppy proudly today for all of them."

County of St. Paul Coun. Dwight Dach was the last to speak "a tribute to the men and women who fought for, and in many cases died for, the freedom cherished by all." The courageous men and women of the Canadian Forces, he noted, "truly embody the love for our country, Canada. It is thanks to them, and the sacrifices that they and their families have made that we are privileged to life in a free and democratic society. We owe them a tremendous debt." Canada is known both as peacekeepers of the world and for its patriotism, he added. "Today let us salute those patriotic men and women who served the nation selflessly."

In the First and Second World Wars and Korea, Dach said, more than 1.5 million Canadians served overseas and more than 100,000 died. "Over 150 have

died, and hundreds more were wounded in Afghanistan alone, fighting to bring freedom and hope to the people of that war torn nation."

"We do not take peace for granted. Nov. 11 was the date of the Armistice that ended the First World War, and since the first Armistice Day, we honour the dead, as well as the living, who every day make sacrifices in hope that we can live in peace. God bless this great nation of ours, Canada."

Coun. McQuinn gave the closing prayer, expressing a belief that "there will be peace... when enemies become fellow human beings."

Following the program, everyone enjoyed lunch prepared and served by the Pioneer Circle.

GET IT BEFORE YOU NEED IT.

FGM to host first-ever volleyball provincials

VICKI BROOKER
Review Staff

F. G. Miller High School will host its first ever volleyball provincial championship tournament this weekend, with 11 teams from senior high schools across the province coming to Elk Point to compete in the 2A Girls Provincials.

"It's one of the biggest things ever at F. G. Miller," tournament coordinator Jonathan Randall said. "The new gym

made it all possible" to host the prestigious event. Randall said that in addition to the team, "lots of other kids are involved" in the three days of activity that begin Thursday morning with the 9 a.m. opening ceremonies.

The public is welcome to watch the games, which go all day Thursday, Friday and Saturday, with the bronze medal game at 3 p.m. Saturday and the gold medal game following at 4:15 p.m.

Fundraising efforts support family of collision victim

JANICE HUSER
Review Contributor

A family with ties to the St. Paul/Elk Point community is mourning the loss of a man who is being remembered as "the rock that kept his family going," following a fatal collision near Rocky Mountain House on Nov. 11.

Efforts are now being made to support Patrick Friesen's family through online fundraising, initiated by his niece, Leslie Attack.

According to an RCMP media release, Rocky Mountain House RCMP responded to a triple fatal motor vehicle collision at 7:15 a.m. on Nov. 11. Preliminary investigation indicated that a westbound pickup carrying two occupants lost control of the vehicle and crossed the path of an eastbound pickup carrying three occupants.

The two occupants in the west bound truck, along with the driver of the east bound truck, were pronounced dead at the scene, while two occupants in the east bound truck were taken to hospital with minor injuries.

"At the time of the collision, highways were very icy due to the recent snow fall, cold temper-

atures and wind gusts over the past few days," said the media release.

Attack confirmed that her uncle and his close friend were two of the deceased in the collision. Shortly after the collision, Attack, who is currently overseas in Australia, decided she wanted to help out the family. So, she set up an account through GoFundMe and by Friday morning had already raised \$6,655. The money will be used to help cover funeral expenses, and support Friesen's family.

"My aunty would never ask for help, especially in a financial way," said Attack, via email with *the Journal*. "This fund was set up without her knowledge initially because I knew it wasn't something she would be comfortable in asking for."

Attack says her uncle was always ready to help anyone who needed his help, and feels now is the right time for others to give back to his family.

"I want my aunty to be able to mourn the passing of her best friend, without the worry of the expenses currently coming in," said Attack, adding, Friesen was "a family man above all else."

Friesen and his wife, Brenda, met when they were in Grade 7 and mar-

ried in 1986. They had three children, but sadly lost their oldest daughter in 2005, says Attack.

Both Patrick and Brenda grew up in the St. Paul/Elk Point area, where their children also attended school. The family owned Friesen Radiator Repair for over 10 years, and later owned Lakeland Exterminators until they moved in 2013.

Online donations can be made to www.gofundme.com/h5mgwc, or cheques can be mailed directly to Brenda Friesen, at P.O. Box 715, Eckville, AB, T0M 0X0.

Pharmacy Manager, Chris Letawsky

- If we have an injury, our blood platelets are important in helping the blood to clot. Platelet levels can drop due to disease, kidney dysfunction or even drinking too much alcohol. Blood transfusions can increase platelet levels but researchers are working on new ways of making human platelets using human stem cells. If successful, it will reduce the demand for donor blood.
- Bladder control isn't always easy for some people. Sometimes it's just a sneeze, a cough or sudden laughter that will cause urine to flow and it can be embarrassing. To have better bladder control, keep your weight in control. Don't smoke. Smoking can double your chances of developing incontinence. Keep active. Keep coffee and alcohol consumption down. These can irritate the bladder.
- Men can get breast cancer too. Here's a few things to watch for: nipples turning inward, puckering of the skin in the breast area; nipples becoming red or scaly; discharge from the nipples. See your doctor for a check-up. Early detection means there is more options for early successful treatment.
- There are two vaccines that seniors should get. One is the vaccine against pneumonia. The other is the anti-shingles vaccine which is recommended for all adults over 60 with no immune system problems. You may have to pay for it yourself although some private drug plans may cover it.
- Talk to our pharmacists about these and other vaccines. Vaccines do work and save much pain and health costs down the road.

EDITORIAL

Playing favorites?

Sometimes, the decisions made at any level of government make sense, and sometimes they don't. Last week brought one of each, both related to smoking.

Although the law may not sit well with many parents, it makes sense to ban smoking in a vehicle if children are present. In an enclosed area with an absence of ventilation, the smoke is concentrated and seriously compromises the air quality.

However, what sense does it make to ban all but one flavour of flavoured tobacco? Has anyone done a survey to determine what flavours young people would choose, and if, in fact, it is mostly young people who smoke these products? To ban all flavoured tobaccos except menthol might make a person wonder if the legislature is harboring a number of secret menthol smokers who swayed the vote.

STAY SAFE!

Don't omit the emergency "kit"

BE CAR CARE AWARE

No matter how many hockey bags you're trying to fit in your trunk you should never hit the road without an emergency kit, especially in the winter months.

The characteristic slippery roads, poor visibility and varied precipitation in winter can challenge even the most experienced drivers. And if that weren't enough, the cold can aggravate small, pre-existing problems with your car and increase your chance of breaking down. So what can you do? Be prepared!

No one wants to be stranded in the cold, but sometimes we get unlucky. To help you weather any storm, Be Car Care Aware has prepared a list of top five emergency kit essentials:

Cell phone – Always be sure to have a fully charged cell phone with you so that you can call for help if needed. Even when you're out of service range, your phone should be able to connect you to 911 in case of an emergency.

Snow brush/ice scraper and windshield washer fluid – Visibility is everything when freezing rain, snow and ice are cumulating on your windshield, mirrors and lights. Keep a snow brush and ice scraper in your car to make sure you can see where you're going and an extra jug of windshield washer fluid.

Flashlight – In the darker months of the year, it can be difficult to see and be seen, so be sure to keep a waterproof flashlight with charged batteries in your car.

Warm blanket – Running your engine for extended periods of time can put you at risk of carbon monoxide poisoning, so keep a blanket or sleeping bag in your car to keep you warm if you're stranded. It's also a good idea to keep an extra pair of warm socks and mitts in your kit.

Shovel – Keep a small shovel in your car in case you get stuck and need to dig yourself out of a snowbank or parking spot.

Preparing for unexpected emergencies will help alleviate anxiety in stressful situations and can help keep you safe. To keep you and your family safe this winter, don't omit the "kit" – keep a well-stocked emergency kit in your trunk. It's better to have it and not need it than to be stuck without it!

For more tips to keep you safe on the road this winter, visit www.BeCarCareAware.ca and follow @BeCarCareAware on Twitter.

WAY BACK WHEN...

Awards, additions approval, assistance for ambulance

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE LAKELAND REVIEW AND THE ELK POINT REVIEW FOR THE WEEK OF NOV. 18 IN...

1984

Thirty-eight F. G. Miller High School students were honoured at Awards Night, with Susan Kuhn winning the Kates Memorial award, Senior English Matric, Senior Math and Matric 30, Sally Adomaitis named the Best All-Around Senior and Kathy Mistol the Best All-Around Junior. Town administrator Pat Vincent reported to Council that tax collection figures, as of Oct. 31, showed a \$2,000 increase over those of 1983.

1989

Approval of just under \$1 million in funding form additions, modernization and restoration for Elk Point schools was announced by the County of St. Paul No. 19, with the majority going to an addition and continued modernization of Elk Point Elementary School and the balance to roofing replacement at F. G. Miller High School. Over 20 members were on hand at the chamber of commerce meeting to discuss the upcoming Christmas Extravaganza, changing the date to Dec. 15, extending the event until midnight and deciding on three separate contests to be conducted that evening.

1994

A capacity crowd took part in Remembrance Day observances at the Seniors' Recreation Centre, where both the parade and wreath laying were held indoors due to the weather. Ambulance service was back on the road, after two lengthy meetings between the Town of Elk Point, County of St. Paul, Elk Point Municipal Hospital and ambulance owner Fred Lambright, with

the two municipalities pledging to share the funding Lambright needed to stay in operation for the next two months while the town and country studied the issue further.

1999

The most pleasant Remembrance Day in many years greeted a large crowd to the Royal Canadian Legion's annual ceremonies of remembrance, which featured local student Leanne Wilson reading her essay, "Eyes That Have Seen Too Much", which received an honourable mention from the Dominion Command and written commendation from both MLA Paul Langevin and Premier Ralph Klein. Town council approved a new youth curfew bylaw that prohibited children under 15 from being any place to which the public had access, between the hours of 11 p.m. and 6 a.m.

2004

Elk Point Royal Canadian Legion members Carl Dembicki and Gene Russell led the branch's final Remembrance Day parade of clubs and organizations to the cenotaph on Nov. 11, before passing the torch to a caring community which would carry on the observances after the Legion branch dissolved later that month. Liberal candidate Dickson Broomfield and Progressive Conservative Ray Danyluk faced off at a poorly attended pre-election forum in Heinsburg, with fellow candidates Oscar Lacombe and Phil Goebel opting not to attend the event.

2009

Elk Point remembered those who served Canada in two World Wars, the Korean War and more recent conflicts and peacekeeping missions at both the community observance on Remembrance Day and at touching and informative ceremonies at both schools. Nurses' mentor Levina Ewasiuk was honoured with a prestigious National Managers' Community Leadership award, "Making a Difference in Public Service Regional Excellence Initiative," at the Alberta Managers' Forum in Calgary.

The Elk Point Review publishes a variety of opinions as a contribution to debate on matters of public concern. Unsigned editorials express the view of this newspaper's editorial board which includes the Publisher and the Editor. Signed pieces express the view of the individual writer.

Newly installed signs promote organ and tissue donation registry

FAE IRVINE

2nd Chance Trail Ride Committee

The Canadian Transplant Association of Alberta's sign campaign began Monday, Nov. 3 when members of the 2nd Chance Trail Ride committee put up a sign on the corner of Moosehills Road and Murphy Road.

When Bill 207 was proclaimed by the Alberta government in 2013, the CTA planned a program to educate the public on the new registry of organ and tissue donations. The 2nd Chance Trail Ride committee decided to help their campaign by having signs made to help people start the conversation

about leaving one's body to the medical community to research and extend or improve the lives of others.

The signs read, "Support Organ and Tissue Donation. Register your intent to donate at myhealth.alberta.ca"

Other signs can be seen in hockey and curling arenas in St. Paul, Elk Point and Bonnyville. Another highway sign can be seen on Highway 55 west of LaCorey.

Money raised at the 2014 trail ride has been used for these signs along with subsidizing a fourth apartment for the use of transplant recipients with the Good Hearts Foundation. The 2015 2nd Chance Trail Ride will be on May 9.

Shown with the handsome new sign at the corner of Moosehills Road and Murphy Road are, left to right: Gary Heffner, Tyler Ockerman, Morris Irvine, Tom Matthews and Dallan Wandler.

NOTICE OF ANNUAL GENERAL MEETING

OF THE MEMBERS
OF ST. PAUL
MUNICIPAL SEED
CLEANING
ASSOC. LTD.

Monday, December 1, 2014

St. Paul Municipal Seed
Cleaning Plant

at 7:30 pm

NOTICE IS HEREBY GIVEN that an Annual Meeting of the Members of St. Paul Municipal Seed Cleaning Association Ltd. will be held at the St. Paul Municipal Seed Plant at St. Paul, in the Province of Alberta, on Monday, the 1st day of December, 2014, at 7:30 pm for the following purposes:

1. To receive the financial statements of the Association for the financial year end;
2. To elect Directors of the Association;
3. To appoint an Auditor of the Association;
4. To amend or accept amendments of Bylaws
5. To transact such other business, if any, as may properly come before the meeting.

or email to: Guy.Genereux@rcmp-grc.gc.ca

7998. Too Late To Classify**Water supply on County agenda**

JANANI WHITFIELD
Review Contributor

The ongoing question of water supply to Ashmont/Lottie Lake was raised at the Nov. 10 County of St. Paul council meeting, with council finally making a decision to connect to the Spedden line after months of deliberation.

Alberta Environment has indicated that county has to make a decision about its water supply as the drinking water standards and guidelines changed in 2006 and municipalities have 10 years to comply with the new guidelines. The County therefore has until 2016 to get a new supply, a new water treatment plant or at least have a plan to move forward, according to information received at the meeting.

Alberta Environment has suggested that new water for Ashmont and Lottie Lake should come via a connection to Spedden or St. Paul.

The total capital cost of a transmission line from Spedden would entail \$7.3 million, including initial costs, upgrades past 2021 and additional costs to run the pipe to Mallaig. This was the preferred project for Alberta Transportation, said Kitz, noting that there were more risks and potential costs in connecting through St. Paul.

County administration's recommendation was to apply to Alberta Transportation under the Water for Life grant to connect to the Highway 28/63 Water Commission's line at Spedden to provide water for Ashmont and Lottie Lake.

Lack of an overarching plan for County of St. Paul's drinking water form the beginning of water planning has "always been a frustration," said Coun. Glen Ockerman.

Sloan and Coun. Dwight Dach did not support the motion but with support from the rest of council, the motion passed.

Rezoning

A public hearing for a rezoning saw no one express any concerns about a proposed rezoning for industrial land. Following the hearing, council gave second and third reading to the bylaw to rezone 22 acres of land, south of Elk Point, from agriculture to industrial commercial land, at the request of Shamrock Valley Enterprises, in order to facilitate the expanding of an existing earth work company.

Peewee Girls Storm up for the challenge

DOUG BASSETT
Review Sports

Peewee Girls Storm goalie Erin Duffee has to be one of the premier goalies in the whole North Central girls' hockey league. When you consider the number of shots she is facing every week, her save percentage has to be right up there with the best. There were 88 shots on goal in the Storm season home opener on Saturday when they hosted Lloydminster. Even though the girls have lots to learn, the one thing I really noticed is they never quit trying; they never threw in the towel and this is a quality that you can't coach. It is highly unlikely they will win many games this year; but they stay positive, listen very well and have an awesome coaching staff teaching them the skills. Some solid two-way playing, by Jenna "Precious" Poitras. "Jorja Girl"

Therault battling hard along the boards. Little Laramie Parr taking on the biggest players on the team, her sister Jelena Parr came to the sin bin a couple of times, she plays a tough game just like her assistant coach, father Art, used to with the Mustangs. Paula Hladunewich was forechecking hard every shift. Rugged defense woman Paityne Chartrand was blocking shots, her partner Halle Stybel with some superb stick handling, and smooth skating by Tiya Noel moving the puck up across the line.

The **Peewee Avalanche** had their hands full when they hosted the Plamondon Oilers on Sunday. The Avalanche looking good early on in the game, outshooting the opposition by 10 shots in the first, but it was the Oilers on the scoreboard first. Some slacking off in the second by the Avalanche and the Oilers really took advantage, scoring seven goals. The Avalanche did score three in the second, two by Charlie "Angel" Rogal including one when the team was two men short, the "Angel" would bust in on a break. Evan "Bat Man" Ockerman scoring the other goal assisted by, "the Stafford Streak" and "Lightning Liam" Ludlage. After a little motivational speech by coaches Marty Bendixen and Tyson Stafford, the Avalanche would kick it up a notch in the third, Devon "Naz" Nazarchuk scoring, assisted by "Bat Man" but the Oilers goalie handled almost everything; 9 to 4 the final score in favor of the Oilers.

A real nail biter up in Boyle on Saturday for the **Bantam Avalanche** coming from behind and pulling off a big 4 to 3 win. Down by a goal going into the third, the boys would rally the troops, scoring two to win. The team point leader Nicholas Anderson with three, including the winner, "Big O" Brody Odgaard with a goal and an

assist, two assists for Bradley Canning; Keenan Stafford, Zane Cribbons and Chad "Pick Pocket" Poitras all on the game sheet with assists. Goaltender Spenser Hardcastle slamming the gates tight for the whole third period.

On Sunday in Elk Point the boys were up for the task against Saddle Lake and kept their undefeated record intact, winning 13 to 6. Four goals for the "Big O", another hat trick for tNicholas Anderson, "Warrior Warren" Ference with a couple of goals plus some nasty but clean open ice hits, Bradley Canning with one, Austin "Astro" Axley, Hayden "Hot Wheels" Ludlage, and Keenan "Weiner" Stafford with one each. "Pick Pocket", Kaiden "K Rock" Evans Anderson and rugged Angus McFarlane with a couple of helpers each.

Another nail biter up in Cold Lake on Saturday for the **Atom Avalanche**, winning 9 to 8. Luke "Sky Walker" Poulin, moved from defense to forward, with a hat trick, "Mic Jager" Fontaine also with a hat trick, Jaden "Jet Stream" Van Maarion with two. Brody Hymanyk and Daxton Mulgrew with the helpers,

"Jet Stream" with four goals, "Mic" Jager and "Sky Walker" with two each, Rylee "the Rocket" and Avery "Whirlwind" Warawa with an assist each, on Sunday when the Atoms skated to a 7-all tie up in Bonnyville.

The **Novice Avalanche** split the weekend, winning on Saturday over Mallaig. Hat tricks for "King Kong Konnor" Poitras, Sam "Spiderman" Rogal, Cash "CC" Capjack, two for "Bo Diddly" Fontaine and "St. Nic" Penner; Vaughn Ockerman Ethan Castle Wasson and Kadin Bourne with one each.

On Sunday they played a tier one team from St. Paul, the outcome also lopsided, but not in favor of the Avalanche. "King Kong Konner" scoring the lone goal for the Avalanche.

PREVENTATIVE MAINTENANCE PROGRAM

PREVENTATIVE MAINTENANCE FROM EVERY ANGLE.

Today's farming is about optimal machine performance when you need it most. Preventative maintenance gives you peace of mind when you're in the field - it's a critical factor to increasing equipment reliability, resale value, operating efficiency, and achieving maximum productivity. AGCO Parts PM360 Preventative Maintenance Program lets you customize a preventative maintenance plan with your dealer that fits your machines and schedule. Sign your equipment up today at AGCOpm360.com.
